District of Columbia State Education Office

NOTICE OF FUNDING AVAILABILITY

The State Education Office announces a Notice of Funding Availability (NOFA) from the Attracting and Retaining District Residents through Quality School Options grant for qualified applicants to conduct a study of how public school options may attract families to live in the District and to retain families already living in the District.

This study will meet a broad variety of planning goals, most notably, to influence the areas of concentration for the State Education Office's City Build Incentive Grant Program. Special emphasis of this grant is to match high performing, high demand charter schools with the geographic areas in the city most in need of high quality school choice options. The principal goal of this study will be to identify those areas of greatest need by mapping and projecting student populations, migration and attendance patterns, and studying other issues of particular neighborhood interest, including population shifts, etc. In addition, student and family rationale for leaving a neighborhood, either to pursue school options within or outside of the District should be determined through the use of such quantitative data as historical resident trends and student migration patterns.

Eligibility

An organization/entity meeting all of the following criteria is eligible to apply for the Geographic School Study under this Request for Applications:

- Any non-profit organization with experience and/or expertise in geographic, community, neighborhood and educational studies; or
- Any for-profit organization, with similar expertise, whose rate schedule is either approved by GSA or matches a similar GSA rate of pay; or
- A consortium of non-profit or non-and-for-profit organizations who, together, complete all required experience, and pay rates are at or below GSA approved rates of pay.

Individuals are not eligible to apply. Each applicant should provide evidence to demonstrate that all requirements of eligibility, including experience and expertise, are satisfied.

Application Due Date

The Request for Application (RFA) was released on August 22, 2006, and the deadline for submission is September 22, 2006, by 5:00 p.m. The RFA may be obtained from the following:

- The Office of Partnerships and Grants Development's Website
